

Machinery & Equipment

No.	Machinery (equipment)
Paint production line	
1	Vacuum pump
2	Vacuum buffering tank
3	Additive feeding hopper
4	Powder feeding tank
5	Liquid sucking inlet
6	Powder sucking inlet
7	Stainless steel paint tank
8	High efficiency and energy saving mixer
9	Invertor
10	Vertical pearl mill
11	Bag filler
12	Filling machine
13	Air compressor
14	Pipeline fittings
15	Control cabinet
16	Vacuum pump
17	Vacuum buffering tank
18	Additive feeding hopper
19	Powder feeding tank
20	Liquid sucking inlet
21	Powder sucking inlet
22	Stainless steel paint tank
23	High efficiency and energy saving mixer
24	Invertor
25	Vertical pearl mill
26	Bag filler
27	Filling machine
28	Air compressor
29	Pipeline fittings
30	Control cabinet
31	Three roll mill

No.	Machinery (equipment)
Lab. equipment	
32	Mandrel
33	Impact strength tester
34	Cross cutter
35	Pull-off tester
36	Salt spray chamber
37	Ford cup
38	Viscometer
39	Pycnometer
40	Thickness meter gage
41	Humidity/tester
42	Wash-resistance tester
43	curing oven
44	High-temperature resistance cabin
45	UV-resistance chamber
46	Grindometer
47	Airless spray guns
48	Airless spray tips
49	High pressure plural pumps
50	Air assisted airless pumps
51	Conventional & HVLP spray guns

Since 2000
